

AMENDMENTS TO THE DRAWINGS

The attached sheet(s) of drawings includes changes to Figure 1.

Attachment: Replacement sheet
 Annotated sheet showing changes

REMARKS

Figure 1 has been amended to correct a typographical error which occurs in three instances. No new matter is introduced by virtue of the within amendment. In particular, the amendment is amply supported by the specification, claims and abstract of the application.

More particularly, a typographical error was noted in Figure 1 appearing in each of formulae (2), (3) and (4) in that the 2,3 - position of the pyrimido[6,1-a]isoquinolin-4-one ring system is incorrectly drawn as a double bond instead of a single bond. The error is typographical in nature and would be readily apparent to one skilled in the art. The structures are drawn correctly elsewhere in the application; see, e.g., pages 9, 10, 13, and 27, and the Abstract of the application.

Applicant respectfully requests that the Replacement Sheet for Figure 1 be entered and that the application now proceed to grant. (The issue fee is being paid concurrently herewith.)
